

Web Application using node-red

To create a form for taking the user inputs like medicine name, time, and date. Store all the details in the database.

Screenshots:

Register Form

The screenshot shows a web browser window with the address bar displaying a URL from a Node-RED instance. The page has a teal header with the text 'Medicine_Reminder'. The main content area is dark grey. A light grey modal form titled 'Medicine_UI' is centered on the screen. The form contains three input fields: 'Enter the Medicine name' with the value 'Arkamin', 'Time(HH:MM)24Hrs' with the value '11:11', and 'Date(YYYY-MM-DD)' with the value '2022-12-01'. At the bottom of the form are two buttons: 'SUBMIT' and 'CANCEL'.
